Peek

Press release — Spring 2018

Just a single glance at these gleaming mirrors is enough to see why they add eye-catching details to their surroundings. The glass surface has been treated to imbue reflections with a silvery sheen. As the mirrors catch the light, they soften reflections and diffuse ambient light. The glass does not fill the frame entirely, forming an empty space that creates a compelling design detail.

There are two versions of Peek to choose from: a circle and an oval, both made with matt black frames that form bold outlines around the glass. Both versions can be hung on the metal peg included, or attached to the wall with screws. The wall fixtures are multi-directional, making it possible to hang the mirrors in vertical and horizontal directions. Peek reflects the need for arty accessories that do more than decorate a room.

‘Arty interior
accessories that
reflect good design.’

With a background in architecture, Elina has an intuitive understanding of spatial design. Her works are made for the interior and characterised by strong geometric forms and innovative details. Some of Elina's designs are accented by integrated lighting; others are designed with the ability to move or rotate. From her studio in Helsinki, Elina has won awards and gained recognition far beyond Finland's borders. Some of her furniture designs are described as functional art, characterised by artistic sensibilities and a multifunctional approach. Northern's accessories collection includes a two Avant-garde mirrors designed by Elina. The glass is coated to imbue reflections with a silvery sheen and diffuse the light around it.

About

Picture the North. Rugged landscapes and clear blue waters, dramatic horizons reflected in breath-taking fjords. A place filled with talent and imagination, always ready to inspire new ideas in design. It's where creative expression meets traditional craft, and where pale beauty is coupled with rough-cut contrasts. Inspirations such as these are sparking new directions for design. This is what Northern was established to pioneer.

The Northern brand was born in the studios of Northern Lighting, where a team of creatives has been illuminating lives for the past twelve years. We combine beauty with functionality, and prefer natural materials and genuine craftsmanship. Furniture and interior accessories are a natural fit for what we do, enabling us to express our characteristic style in a whole new scale.

Northern's debut collection is simplicity at its best, spelled out in streamlined designs that are fun to combine and easy to clash and contrast. Smoked wood, twilight colours and strong silhouettes create subdued moods, while subtle geometries and classic sensibilities add an elegant touch. We see the interior as a flexible, creative space, and make multifunctional products that are unified in style, as well as in spirit.

Our creative reach goes beyond our Norwegian heritage to meet the modern need for laid-back luxury and cutting-edge cool. Northern's designs can energise and inspire, create a relaxing mood, or set the scene for a soothing backdrop. Designed with the potential to make any setting unique, Northern's products add atmosphere as they reveal a new vision for Nordic style.
