Shelter

Press release — Spring 2018

Just as a shelter in a storm creates a safe haven, this combination desk and console provides a stronghold for essentials and artefacts. The design is refreshingly simple, with virtually no excess features. The tabletop is bordered by perforated steel, forming a lightweight screen that wraps around the front and sides. As Shelter provides a place to sit and work, it also forms a stylish piece of furniture that can be integrated into a wide range of settings.

The surface itself is crafted from a smoked oak veneer supported between legs made in steel. The screen forms a compelling backdrop for contemporary artefacts, creating a focal point that lends itself to arrangements of ornaments and objects. Shelter's versatility and simplicity make it a great fit for any type of environment.

'A stylish stronghold for work or display.'

From their studio in Valencia, Spain, Yonoh are pioneering a uniquely minimalist brand of design. The studio was established by industrial designers Clara del Portillo and Alex Selma in 2006. Since then, the duo have received a string of prestigious prizes, including a Red Dot Award, an iF Product Design Award and a Wallpaper* Design Award. Their work is underpinned by a philosophy of design that eliminates excess while emphasising the beauty of details. Shelter, their streamlined desk and console for Northern, creates a compelling backdrop for contemporary artefacts and art objects, while doubling as streamlined workstation. Yonoh's designs are characterised by versatility and simplicity, making them a great fit for any type of environment.

About

Picture the North. Rugged landscapes and clear blue waters, dramatic horizons reflected in breath-taking fjords. A place filled with talent and imagination, always ready to inspire new ideas in design. It's where creative expression meets traditional craft, and where pale beauty is coupled with rough-cut contrasts. Inspirations such as these are sparking new directions for design. This is what Northern was established to pioneer.

The Northern brand was born in the studios of Northern Lighting, where a team of creatives has been illuminating lives for the past twelve years. We combine beauty with functionality, and prefer natural materials and genuine craftsmanship. Furniture and interior accessories are a natural fit for what we do, enabling us to express our characteristic style in a whole new scale.

Northern's debut collection is simplicity at its best, spelled out in streamlined designs that are fun to combine and easy to clash and contrast. Smoked wood, twilight colours and strong silhouettes create subdued moods, while subtle geometries and classic sensibilities add an elegant touch. We see the interior as a flexible, creative space, and make multifunctional products that are unified in style, as well as in spirit.

Our creative reach goes beyond our Norwegian heritage to meet the modern need for laid-back luxury and cutting-edge cool. Northern's designs can energise and inspire, create a relaxing mood, or set the scene for a soothing backdrop. Designed with the potential to make any setting unique, Northern's products add atmosphere as they reveal a new vision for Nordic style.
