Acorn floor lamp

Press release — Autumn 2021

Inspired by autumnal Nordic forests, the long-awaited Acorn Floor Lamp further develops the much-loved organic appeal of our popular pendant light. Originally designed by the award-winning Atle Tveit in 2012, this modern, yet playful, floor lamp with its solid trunk-like shape and a tactile shade that resembles an empty acorn shell, also recreates the soft dappled light experienced beneath a canopy of trees.

Available in white, grey and black finishes, the Acorn Floor Lamp has warm beech and walnut detailing on its aluminium shade along with a neat pull switch. The power cable is also concealed within a clean silk cord.

“With its own distinct character, the Acorn Floor Lamp will be a natural addition to the family. I have a favourite reading chair that I use as often as I can, and I look forward to having the Acorn Floor Lamp standing next to it.”

About

Picture the North. Rugged landscapes and clear blue waters, dramatic horizons reflected in breath-taking fjords. A place filled with talent and imagination, always ready to inspire new ideas in design. It's where creative expression meets traditional craft, and where pale beauty is coupled with rough-cut contrasts. Inspirations such as these are sparking new directions for design. This is what Northern was established to pioneer.

The Northern brand was born in the studios of Northern Lighting, where a team of creatives has been illuminating lives for the past twelve years. We combine beauty with functionality, and prefer natural materials and genuine craftsmanship. Furniture and interior accessories are a natural fit for what we do, enabling us to express our characteristic style in a whole new scale.

Northern's debut collection is simplicity at its best, spelled out in streamlined designs that are fun to combine and easy to clash and contrast. Smoked wood, twilight colours and strong silhouettes create subdued moods, while subtle geometries and classic sensibilities add an elegant touch. We see the interior as a flexible, creative space, and make multifunctional products that are unified in style, as well as in spirit.

Our creative reach goes beyond our Norwegian heritage to meet the modern need for laid-back luxury and cutting-edge cool. Northern's designs can energise and inspire, create a relaxing mood, or set the scene for a soothing backdrop. Designed with the potential to make any setting unique, Northern's products add atmosphere as they reveal a new vision for Nordic style.
