Treble bar stool

Press release — Autumn 2021

With its commanding triangular frame, square tube legs, and welcoming circular seat, the Treble Bar Stool by Mark Braun, provides the perfect balance of contrast and comfort.

The clean silhouette, stackable steel frame, and carefully crafted oak and leather finishes draw inspiration from the classic Nordic style, while the conveniently placed dual height footrests and high handle come hang rail offers easy handling.

Made from powder-coated square steel tube, the Treble Bar Stool comes in six colour combinations, including a natural light oiled oak, black painted oak or with an upholstered leather seat, ensuring the Treble Bar Stool complements any setting.

“The core idea behind this piece was to provide comfortable and convenient seating wherever its needed. From kitchens or open plan living spaces, to hotels, restaurants or bars, people want to be surrounded by unique products that are long-lasting, clever and have an inner beauty”.

Celebrated designer, Mark Braun worked as an apprentice carpenter before heading to Berlin and Eindhoven to study Industrial Design. On his return to the German capital in 2006, he established his own studio. Since then he has gone on to work with several internationally acclaimed companies and been honoured with numerous design industry awards.

With an emphasis on functionality and quality, Mark produces long-lasting products with purpose and personality, which makes him the perfect partner for Northern. As well as leading his design office, Mark is also a professor of Industrial Design at the HBKsaar, an art and design university in the German State of Saarland, where he mentors the aspiring creatives of the future.

About

Picture the North. Rugged landscapes and clear blue waters, dramatic horizons reflected in breath-taking fjords. A place filled with talent and imagination, always ready to inspire new ideas in design. It's where creative expression meets traditional craft, and where pale beauty is coupled with rough-cut contrasts. Inspirations such as these are sparking new directions for design. This is what Northern was established to pioneer.

The Northern brand was born in the studios of Northern Lighting, where a team of creatives has been illuminating lives for the past twelve years. We combine beauty with functionality, and prefer natural materials and genuine craftsmanship. Furniture and interior accessories are a natural fit for what we do, enabling us to express our characteristic style in a whole new scale.

Northern's debut collection is simplicity at its best, spelled out in streamlined designs that are fun to combine and easy to clash and contrast. Smoked wood, twilight colours and strong silhouettes create subdued moods, while subtle geometries and classic sensibilities add an elegant touch. We see the interior as a flexible, creative space, and make multifunctional products that are unified in style, as well as in spirit.

Our creative reach goes beyond our Norwegian heritage to meet the modern need for laid-back luxury and cutting-edge cool. Northern's designs can energise and inspire, create a relaxing mood, or set the scene for a soothing backdrop. Designed with the potential to make any setting unique, Northern's products add atmosphere as they reveal a new vision for Nordic style.
