# Blush rail pendant lamp

Press release — Spring 2022

Good lighting can transform a home. It brings character and comfort, adds atmosphere and emotion, and positively affects our overall energy and mental wellbeing.

Designed to take centre stage, but without hogging the limelight, the Blush Rail Pendant from Norwegian design duo Morten & Jonas does just that.

Now along with our striking pendants and dimmable wall lamps, the new Blush Rail Pendant, enables you to add a pool of controllable light over a dining table and kitchen island or bring some much-needed warmth to a gloomy lobby or hallway from just one system.

Made from powder coated steel tube, the Blush Rail Pendant is integrated with a set of either three or five small opal acrylic diffusers which are all connected together. Available in matt white, matt black, and warm beige, the quality of the light they produce will inspire and improve everyday tasks and activities.

“Good lighting should always fulfil a purpose as well as connect the room it is in with the people who use it.”

Norwegian designers Morten Skjærpe Knarrum and Jonas Norheim are known eponymously as Morten & Jonas. They established their studio in Bergen, Norway after receiving their master's degrees from the Bergen Academy of Art and Design. The designers' cutting-edge furniture and lighting designs are sparked by curiosity and imagination, but characterised by irreverence and wit.

Morten & Jonas' point of departure was their ability to bring social agendas into design, even enlisting the help of incarcerated men and women to manufacture one of their early designs for Northern. Since then, Morten & Jonas have produced a range of celebrated designs, won several awards and had their work exhibited internationally. In Northern's collection, they give full expression to their combined talents, designing multifunctional furniture and discreet lighting while fulfilling their role as Creative Directors for the brand.

# About

Picture the North. Rugged landscapes and clear blue waters, dramatic horizons reflected in breath-taking fjords. A place filled with talent and imagination, always ready to inspire new ideas in design. It's where creative expression meets traditional craft, and where pale beauty is coupled with rough-cut contrasts. Inspirations such as these are sparking new directions for design. This is what Northern was established to pioneer.

The Northern brand was born in the studios of Northern Lighting, where a team of creatives has been illuminating lives for the past twelve years. We combine beauty with functionality, and prefer natural materials and genuine craftsmanship. Furniture and interior accessories are a natural fit for what we do, enabling us to express our characteristic style in a whole new scale.

Northern's debut collection is simplicity at its best, spelled out in streamlined designs that are fun to combine and easy to clash and contrast. Smoked wood, twilight colours and strong silhouettes create subdued moods, while subtle geometries and classic sensibilities add an elegant touch. We see the interior as a flexible, creative space, and make multifunctional products that are unified in style, as well as in spirit.

Our creative reach goes beyond our Norwegian heritage to meet the modern need for laid-back luxury and cutting-edge cool. Northern's designs can energise and inspire, create a relaxing mood, or set the scene for a soothing backdrop. Designed with the potential to make any setting unique, Northern's products add atmosphere as they reveal a new vision for Nordic style.
