Expand dining table

Press release — Spring 2022

Whatever its size, every home needs a place where everyone can be together. Gathering around the dining table, as a family or with friends, has always been steeped in happy memories, and what the Expand Dining Table was designed for.

Created by the much loved and much acclaimed Sami Kallio, this timeless dining table exploits the beautiful capabilities of traditionally handcrafted solid oak, bringing a soft modern expression to an age old essential.

Available in three sizes; two rectangular and one round, all Expand Dining Tables have a smooth extension system inbuilt so they can be enlarged by up to 100cm if you need to accommodate an extra guest or two.

Choose from either a light oiled, smoked oak or black painted oak finish, and pair with Northern's Oaki chairs or Daybe dining sofa to complete your dining room look.

“The curved apron and slight angle of the legs make the overall design feel incredibly light considering their generous size.”

Born in Finland, but based in Gothenburg, Sweden, Sami is a furniture designer and an interior architect. Sami's work is deeply rooted in the Scandinavian tradition and his designs have a strong craft signature. Sami's designs are characterised by clean lines, pure forms and unblemished surfaces, and typically combine the natural with the manmade. Sami has an instinctive feeling for handling a wide range of natural materials, but his talent for working with wood sets him apart from other craftsmen.

There is an element of emotional intelligence in Sami's work that imbues his designs with feeling. Sami's furniture resonates with the contentment and reassurance that only natural materials can convey.

About

Picture the North. Rugged landscapes and clear blue waters, dramatic horizons reflected in breath-taking fjords. A place filled with talent and imagination, always ready to inspire new ideas in design. It's where creative expression meets traditional craft, and where pale beauty is coupled with rough-cut contrasts. Inspirations such as these are sparking new directions for design. This is what Northern was established to pioneer.

The Northern brand was born in the studios of Northern Lighting, where a team of creatives has been illuminating lives for the past twelve years. We combine beauty with functionality, and prefer natural materials and genuine craftsmanship. Furniture and interior accessories are a natural fit for what we do, enabling us to express our characteristic style in a whole new scale.

Northern's debut collection is simplicity at its best, spelled out in streamlined designs that are fun to combine and easy to clash and contrast. Smoked wood, twilight colours and strong silhouettes create subdued moods, while subtle geometries and classic sensibilities add an elegant touch. We see the interior as a flexible, creative space, and make multifunctional products that are unified in style, as well as in spirit.

Our creative reach goes beyond our Norwegian heritage to meet the modern need for laid-back luxury and cutting-edge cool. Northern's designs can energise and inspire, create a relaxing mood, or set the scene for a soothing backdrop. Designed with the potential to make any setting unique, Northern's products add atmosphere as they reveal a new vision for Nordic style.
