Plus sofa

Press release — Spring 2022

Inspired by the soft curves and soothing contours of the human body, and how everyday furniture that has a similar organic shape, creates a gentler and more intimate connection; the Plis sofa, designed by award-winning Bergen based Stine Aas, reimagines the traditional look and purpose of this hardworking piece of furniture.

Available as a two and three-seater, the discreet black powder coated steel legs support the elegantly wrapped sofa, which is upholstered in a choice of Kvadrat textiles carefully folded in each corner, emphasising its unique character.

With its sweeping backrest and arcing deep seat, the Plis sofa allows you to rest, relax and unwind either alone, or alongside someone special, encouraging a deeper feeling of togetherness.

“My aim was to make a timeless, generous, and comfortable piece of furniture that people will enjoy interacting with every day.”

About

Picture the North. Rugged landscapes and clear blue waters, dramatic horizons reflected in breath-taking fjords. A place filled with talent and imagination, always ready to inspire new ideas in design. It's where creative expression meets traditional craft, and where pale beauty is coupled with rough-cut contrasts. Inspirations such as these are sparking new directions for design. This is what Northern was established to pioneer.

The Northern brand was born in the studios of Northern Lighting, where a team of creatives has been illuminating lives for the past twelve years. We combine beauty with functionality, and prefer natural materials and genuine craftsmanship. Furniture and interior accessories are a natural fit for what we do, enabling us to express our characteristic style in a whole new scale.

Northern's debut collection is simplicity at its best, spelled out in streamlined designs that are fun to combine and easy to clash and contrast. Smoked wood, twilight colours and strong silhouettes create subdued moods, while subtle geometries and classic sensibilities add an elegant touch. We see the interior as a flexible, creative space, and make multifunctional products that are unified in style, as well as in spirit.

Our creative reach goes beyond our Norwegian heritage to meet the modern need for laid-back luxury and cutting-edge cool. Northern's designs can energise and inspire, create a relaxing mood, or set the scene for a soothing backdrop. Designed with the potential to make any setting unique, Northern's products add atmosphere as they reveal a new vision for Nordic style.
