

A close-up photograph of a dark-stained wooden surface, likely a table or desk. A circular hole is cut into the wood. Resting on the surface is a piece of light-colored, textured paper with some brown stains. On the paper lies a dark leather keychain with several keys. The background is a blurred, light-colored surface.

Our curvaceous Valet Wall Console, designed by the acclaimed Sami Kallio, now comes in a super convenient smaller size.

This neat and multi-functional piece will fit perfectly in a living room, bedroom, or hallway, making it even easier for you to maximise storage even in the narrowest of spaces.

Made from solid oak and oak veneer, and available in a light oiled oak, smoked oak, or black painted finish; it can be hung at any height you need and is easily accessed from both sides thanks to its small brass fastener.
