

# The Gem Series

Design by **Meike Harde**

Designed to be comfortable and sociable, as well as offering multiple options for lounging or entertaining, the Gem Chair and Pouf allows you to tailor your seating to suit your space.

Like every piece in the sophisticated Gem series, award-winning German furniture designer Meike Harde, has given these new additions to the series an inviting expression. The chair has a deep appealing seat, and a comforting arched backrest, and the pouf has a friendly and sociable expression thanks to its softly rounded shape and clean lines.

Crafted to the highest quality with oak legs, long-lasting high resilience foam filling, and fully upholstered in a range of outstanding fabrics, the hard-working Gem Pouf also has a practical loop at the top so you can easily move it around. The chair is available in two versions, with or without armrests.

# Cling Coffee Table

Design by **Anton Björsing**

With its winning combination of classic craftsmanship and contemporary sociable style the Cling Coffee table, from trained cabinetmaker and designer Anton Björsing, is the ideal addition to any modern interior.

Minimalistic in looks but multifunctional in purpose, this present-day take on a much-loved furniture favourite, can be used individually as well as combined with its sister coffee table to optimise space.

Crafted from solid oak and oak veneer, and available in a smoked oak or light oiled oak finish, the Cling Coffee Table comes flat packed giving it a lighter carbon footprint too.

# Ton Side Table

Design by **Böttcher & Kayser**

Challenging what conventional furniture could and should look like, the Ton Side Table by Berlin based design studio Böttcher & Kayser celebrates the everlasting power of nature.

Taking aesthetic references from the smoothed stones found washed up on the shore and the horizon line that float above it, the Ton Side Table's base is made from a heavy Emperador marble, hence the name.

This dark polished natural stone then provides excellent stability for the grooved supporting column, as well as the finely brushed aluminium tabletop that sits on top.

Part of a family of two, these high-quality and versatile side tables are sure to bring a sense of innate beauty to any space while also providing pleasure for all who use them.

# Hifive Glass Storage System

Design by **Rudi Wulff**

With its winning combination of classic craftsmanship and contemporary sociable style the Cling Coffee table, from trained cabinetmaker and designer Anton Björsing, is the ideal addition to any modern interior.

Minimalistic in looks but multifunctional in purpose, this present-day take on a much-loved furniture favourite, can be used individually as well as combined with its sister coffee table to optimise space.

Crafted from solid oak and oak veneer, and available in a smoked oak or light oiled oak finish, the Cling Coffee Table comes flat packed giving it a lighter carbon footprint too.

# Archive Table Lamp

Design by **Studio Sløyd**

Minimal in appearance but with maximum presence, the Archive Lamp by Norwegian designer Studio Sløyd began life as a series of paper models created during Designers' Saturday, Oslo's largest and most important national design event.

Now thanks to their materials focussed approach, Herman and Mikkel have effortlessly replicated these initial folds and explorative curves in a striking steel.

Part of a family of two, these high-quality and versatile side tables are sure to bring a sense of innate beauty to any space while also providing pleasure for all who use them.

# Kin Table Lamp

Design by **Morten & Jonas**

The much-anticipated Kin Table Lamp from leading Norwegian design duo Morten & Jonas has been almost a decade in the making.

A contemporary and harmonious piece that confidently combines quality materials and contrasting finishes; the Kin Table Lamp comes in two bold sizes. Meanwhile the small hand dimmer, which is neatly incorporated into the cable, allows you to soften the mood to suit the moment.

This head turner of a light takes its cues from the shape of collectable bobblehead figures, with its oversized mouth-blown, matt opal glass shade sitting effortlessly on top of the softly rounded polished Emperador marble base.

# Echo Blanket & Cushion

Design by **Mariken Steen-Forgaard**

Created to complement or contrast depending on your style, the charming Echo blanket & cushion series from Norwegian graphic artist Mariken Steen-Forgaard is as soft to the touch as it is striking to look at.

Taking inspiration from the shifting hues that appear where the sky and the sea meet, the high-quality Merino wool from which this cushion is woven, naturally reflects these fleeting everyday moments in its structure.

Available in an assortment of primary tones that are combined with a supporting neutral, the pattern on the Echo Throw Blanket has no visible front or back. Instead the reversed-out structure divides into two reflecting colours.

# Spool Rugs

Design by **Studio Terhedebrügge**

Designed to make you feel instantly at home, the Spool Rug and Runner from Studio Terhedebrügge are both cosy, comforting and hand crafted.

Taking their name from the spool on which every thread is wound, before being skilfully woven by professional Indian artisans, rather than using conventional wool these pieces are made entirely from recycled post-consumer plastic that has been spun into a soft and strong PET yarn.

Showcasing the Berlin based design duos' passion for colour, texture and graphic shapes, the Spool Rug and Runner are practical as well as pretty. Available in three complimentary shades, they are suitable for use both inside and outdoors, and thanks to their three-dimensional surface are stain resistant, quick drying and easy to maintain.

# Into Vase

Design by **Morten & Jonas**

The Into Vase from renowned Norwegian design duo Morten & Jonas is a truly modern and multi-functional home accessory you won't want to live without.

Known for their experimental take on traditional Nordic style as well as their exciting use of contemporary colour, this smart and striking centrepiece transforms its use depending on your everyday needs.

Shaped from pressed steel and available in four material finishes and colours, Into can be used both as a vase for displaying your favourite flowers, or once their life is over, simply rotated on to its side to become a tray for fruits, jewellery or letters.

Whichever way you choose to use it, Into is sure to become a talking point whatever the occasion.
